

About the Muehl Public Library

The Muehl Public Library is located at 436 N. Main Street Seymour, WI (Home of the Hamburger). The library has wireless and Internet computers and offers a menu of services including weekly story times, Friday night movies, adult book group, author visits, learning workshops and an annual summer reading program. The library has a fine collection of books and movies which are free for check out with a library card. The library teams up with community groups on their goals and objectives.

- We service x,xxx people in the greater Seymour area.
- We currently have x,xxx cardholders and growing!

"The Muehl Public Library is the nexus of a multitude of local activities. There are crafts, games of mental challenge, and visual entertainment events. They are all available to everyone, at little or no cost. Space is currently limited for these activities." - Paul Gregg (title?)

Why Do We Need an Expansion?

The current facility, built in 1994, was always intended to be expanded upon to accommodate growth and the changing needs of our community. It is now past time for the existing facility to expand with a large, multi-use addition. SPACE is the issue! An expansion would accommodate:

- Our growing collection
- Community space for events, study areas, meeting rooms, and special programs
- Expanded access to the tools and resources our community needs
- Increased space to engage and support the young people in our community

What Will it Look Like?

The new expansion is much more than just a house for books. This multi-functional communal space will serve as a place for our community to gather, create and explore as well as provide a cozy, dedicated, quiet area to study, focus and read.

The library has evolved into a gateway to a better life through lifelong learning. With their boundless energy, libraries open the door to new worlds and opportunities. I urge us all to unite in the efforts to help create a place for everyone to be able to embrace all that the library has to offer.” - Bobbie Buchholtz, OWLS Trustee, Frequent User

Our good services will become GREAT when we have additional space. We are a multigenerational learning center, and our imaginations will soar with the ways we can use this new space.

How Can I Help?

The City of Seymour won't need to raise taxes - that's where we need your help! Renew your investment in Seymour and our long-term strategy of connecting the community by donating to our building expansion.

To donate and learn more about our plans for donor recognition, fill out the enclosed donation slip or visit:
